Hi Rich – I hear from my folks that signature of the Gold King Mine settlement is –once again–imminent. I wanted to share the current version of our press release for your review and any comments. My sense is that this will likely get edited a bit more here but its pretty close to final. I'm not sure what your current plans may be for doing your own press outreach on this.

I'm out of the office tomorrow, back on Thursday. Also cc'ing Andrew Mutter, my Public Affairs Director, and Katherine Jenkins, our community involvement coordinator for the Bonita Peak Superfund site, in case you need anything tomorrow.

Hope all is well...
